

# MANIFOLD SYSTEMS

## HIGHLIGHTS & OFFERINGS

### SPECIAL SPRINGS MANIFOLD SYSTEMS GUARANTEE:

- **2 Year Warranty** for all new Conventional & Easy Manifold systems!
- **EXTENDED 4 YEAR WARRANTY** for manifold systems using SKUDO or Secondary Wiper cylinders!
- Receive free repair kits for 50% of the cylinders in each manifold system

**TRADITIONAL MANIFOLDS:** Directly interchangeable with Hyson and Forward manifold systems. Plates are fully assembled and tested to meet requirements.

**EASY MANIFOLDS:** Directly interchangeable with other designed plate systems. Allows for maximum design flexibility by using standard cylinder sizes and a thin drilled plate. Eliminates unnecessary leak points by eliminating the use of hoses and fittings. The reduced overall weight of the system and use of standard cylinder sizes allows for easy maintenance.

**LINKED SYSTEMS:** Connect standard cylinder sizes and models through the use of hoses and fittings. Allows for constant pressure throughout the system. Add a surge tank to prevent pressure rise.
