

NITROGEN & MECHANICAL DIE SPRING SPECIALISTS

**INNOVATING
SAFETY**
SINCE 1978

NITROGEN GAS SPRINGS:

- Directly Interchangeable w/other Top Manufactures
- Safest Gas Springs on the Market
- Over 35,000 in stock

BASEPLATE SYSTEMS:

- Complete Systems
- Full Adjustability
- Monitor Pressure

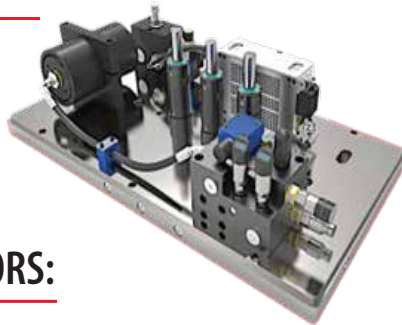

MANIFOLD SYSTEMS:

- Eliminate Hoses & Leaks
- Option to Control Pressure Rise
- Monitor Pressure

CONTROLLABLE GAS SPRINGS:

- Reduce/Eliminate Springback
- Control Return Stroke
- Full Engineering Support
- Increase Press Life
- Nitrogen, Air, or Hydraulic

STEEL MILL ROLL SEPARATORS:

- Extreme Conditions with Harsh Environment Solutions Available
- Engineer Support
- Fully Customizable
- Replace Hydraulics Systems & Reduce Down Time

SECONDARY WIPER (SW) & SKUDO:

- Extend Cylinder Life
- Reduce Downtime
- Maximum Protection with New Design
- SW Available w/ No extra space constraints

ISO DIE SPRINGS:

- Directly Interchangeable
- E-Coated for Protection
- Comply to ISO Standards
- Over 200,000 springs in stock

US SERIES DIE SPRINGS:

- Directly Interchangeable
- E-Coated for Protection
- Comply to US Standards
- Over 300,000 springs in stock

JIS SPRINGS:

- Japanese Industrial Standard
- Short Lead Times

CUSTOM DIE SPRINGS:

- Made to Customer Drawing
- Engineering Support Available
- Multiple Wire Shapes, Coatings, & Sizes
- Various Materials Available

NITROGEN STRIPPERS:

- On Contact Force
- Longer Travel
- All the benefits of Nitrogen
- Ball-Lock Punch/Headed Punch
- Mount on Standard Retainer

GLOBAL COMPANY WITH LOCALIZED SUPPORT:

- Over 500,000 parts in-stock to ship Same-Day
- Network of SPSP representatives available World Wide
- Inventory Management Support Available
- Ask your Representative to learn more

We can help you find the right Special Springs product for your project requirements.

Special Springs is committed to earning your partnership Spring by Spring.

- NITROGEN GAS SPRINGS
 - GAS SPRING PROTECTION / EXTENDED LIFE
 - NITROGEN MANIFOLDS
 - DIE SPRINGS
 - DELAY SYSTEMS
 - NITROGEN PUNCHING UNITS
 - DIE SPACERS
 - NITROGEN CYLINDER ACCESSORIES
 - SECONDARY WIPER + SKUDO CAP
 - CUSTOM SPRINGS
- Same-Day Shipping - Order by 3pm (EST)
 - More than 500,000 Springs in Stock
 - Innovative Product Line
 - Setting New Standards for Durability
 - New Tool Build Extended Warranties Available
 - Guaranteed-to-Last Performance
 - Experience, Problem Solving + Training

Special Springs, LLC is a subsidiary of Special Springs S.R.L, which operates R&D and manufacturing facilities in our Headquarters of Romano D'Ezzelino, Northern Italy. Special Springs S.R.L was founded in 1978 and has been an industry leader for over 45 years.

Special Springs, LLC is known as the North American branch. Conveniently located in Southeast Michigan to serve customers in the United States, Canada, and Mexico. This Service, Sales, and Distribution facility stocks hundreds of thousands of Nitrogen Gas Springs and Die Springs for immediate delivery throughout North America.
